

Dear ,

First of all, congratulations for your future commitment and thank you for having chosen me.

If my sensitivity is moving you, please find some more information:

I'm not what we can call a "classical" photographer; I work without any pose, with digital cameras and am ceding all rights. (i.e: you can print as many pictures as you want without any additional cost).

I also offer the opportunity to quickly have a sample of the day's photos on my website, in order to give you a foretaste before the delivery.

I can start the coverage with the preparations (dressing, hair-dresser, etc.) until the evening.

8 hours coverage are included in the contract (possibility of extension with additional cost).

If you have a "thunderbolt" for what I do, but that I'm too expensive for your budget, you could think of integrating it on your wedding list.

Be aware that it's a unique day and when it will be finished, you won't have anything but your memories and the photos.

In the next pages you'll find the booking form, tariffs and conditions to be returned with a partial payment. Only when I'll have received everything, your date will be booked.

Please also ensure that I'm still free at this date.

Enjoy the preparations !

Sincerely, Olivier Tops
